

A-100 Chemical Feed Pump

Not In Production Parts ONLY Replaced By A-100 N Pump

A-100 Accessories

Pump head tubing,
 Inlet / Outlet connection = 3/8" OD
 Norprene Tube, Standard compression tube nuts (tube nuts not included)
 Use tube nut number C-330-6
 A-002-6N.....\$23.75

Tube Nut,
 For 3/8" OD tubing.
 Standard heavy duty compression tube nuts.
 C-330-6.....\$ 2.35

Pump Head Cover,
 For the A-100 series pump head.
 A-001..... \$19.15

Roller Assembly,
 For the A-100 series pump head.
 A-003.....\$54.35

Pump Head Kit
 The A-100 FlexFlo complete pump head kit
 With 3 lobe roller assembly
 72001-067.....\$101.50

Pump Head
 A-005.....\$70.00

Pump Head Cover Knob A-011.....\$ 3.45

Foot Valve and strainer,
 For 1/4" OD and 3/8" OD tubing,
 O-ring material = Viton / Aflas Body material = PVDF (Kynar)
 C-340A.....\$ 26.35

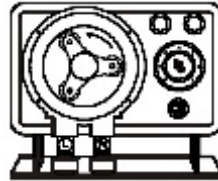

Accessories

Ceramic Weight

Weight is used to keep a foot valve or a strainer at bottom of solution tank. Material = Ceramic

C-346.....\$5.19

Threadless Injection Fitting,

For 1", 1-1/2", 2" pipe and for 3/8" OD tubing
1/2 lb. cracking pressure,

Body material = PP/ O-ring material = Viton

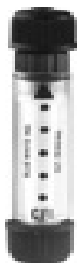

A-014N-6A.....\$35.00.

Threadless Injection Fitting,

For 1", 1-1/2", 2" pipe and for 3/8" OD tubing
1/2 lb. cracking pressure,

TI48-6V.....\$ 35.00

Flow Indicator

For 3/8" OD tubing

Install on the pump suction tubing. The glass float rises and falls as solution is pumped Excellent diagnostic tool..

FI-100-6V.....\$33.00

Suction tubing,

3/8" OD, sold by foot

Material =Vinyl

C-334-6\$0.75 FT

Discharge tubing,

3/8" OD, Sold By Foot,

Material = Polyethylene

C-335-6..... \$0.75 FT
